SUBJECT:
ARMY CORPS PERMITTING REQUIREMENTS TO DREDGE THE STORMWATER DETENTION POND, NAS WILLOW GROVE, PA

SUMMARY OF CONVERSATION:

Per Ed, the "Tulloch Rule Decision" guidance provides that no permit is required from the US Army Corps of Engineers (COE) if the material is excavated and removed via scooping or digging with a dragline, bucket, or backhoe.

A permit is required from the COE if the material is pushed back and forth with bladed equipment (e.g., a bulldozer).
