Re: Oversight Assignment/Risk Assessment Support
Willow Grove Air Reserve Station &
Naval Air Station Joint Reserve Base ("NAS/JRB")
Willow Grove, PA

Dear Ms. Olds:

As we discussed earlier today, the U.S. Environmental Protection Agency Region III ("EPA Region III") is forwarding analytical results from soil lead sampling conducted at NAS/JRB's Installation Restoration Program ("IRP") site #6, which is designated as the Abandoned Rifle Range No. 1. EPA Region III received these data from the Northern Division Naval Facilities Engineering Command ("NORTHDIV") on September 13, 1996. This information is intended to facilitate your performance of the risk-based evaluation at NAS/JRB's IRP site #6, which NORTHDIV has previously determined to require "no further action." If you have any questions, please contact me at (215) 566-3359 or at my e-mail address "lausch.robert@epamail.epa.gov".

Sincerely,

Drew Lausch
Remedial Project Manager
